

ELEKTRONIK
PRAXIS

will be present by:

13. Anwenderkongress

Steckverbinder

Meet at Europe's largest industry get-together the luminaries of the connector scene

and present your innovations and developments at the industry's most important convention from 01 - 03 July 2019 in Würzburg. Conference languages: German and English (with simultaneous translation).

An event of **ELEKTRONIK
PRAXIS** a brand of

The connector—a key component in a networked world

Booming market figures

In an increasingly digitalized world, connectors are the key to successful networking. **Electrical connectors** form the backbone of modern automation systems. The use of connection technology in automotive applications is increasing exponentially and is still only at the start of a huge growth curve.

Market figures are already booming today in the industrial electronics and automotive sector. Whichever industry you look at, connectors are set to become increasingly significant in the future.

Why you should attend this congress

The Electrical Connector Conference for User (Anwenderkongress Steckverbinder) highlights technical aspects of the design and application of state-of-the-art connectors. In hands-on workshops, top-class experts present the fundamentals of electrical engineering, specific know-how and guideline you how to select the right connector.

The basic workshops on Monday offer the perfect introduction to the topic.

The accompanying trade exhibition shows new, immediately applicable solutions.

Meet your target group

Get in touch with selected and recognized speakers from industry and research and expand your network. Be there when practice-oriented solutions for the use and design of state-of-the-art connectors are presented and explained. Visit the offered workshops and learn how to put theory into practice by means of application examples.

Target group:

- Design engineers of electronics and devices
- System engineers
- Production planning staff
- Technical management
- Quality assurance staff

*Again a thoroughly
successful and
recommendable event!*

Ulrich Bader; Carl Zeiss AG

Some participating companies of the last years:

Adam Opel • Advantest • Apparatebau Kirchheim/Teck • Bosch Rexroth • Balluff • Baumüller • Beckhoff • BASF • BSH • Black & Decker • Delphi • BMW • Carl-Zeiss • Continental Automotive • Daimler • DKE • Dräxselmaier • Endress + Hauser • Erbe Elektromedizin • Europäisches Patentamt • Fresenius Medical Care, GE • Heidelberger Druckmaschinen • Hella • Henkel • Hilti • IBM • John Deere • Knorr Bremse • KUKA • Liebherr Elektronik • Miele • Nokia • Osram • Pepperl + Fuchs • Philips Medizinsysteme • Porsche • Robert Bosch • R. Stahl Schaltgeräte • SES • Sick • Siemens • Texas Instruments • Trumpf • Thyssen Krupp • Volkswagen • Voss Automotive • Vissmann • ZF, Zumtobel • ZVEI

Share your knowledge

The Anwenderkongress Steckverbinder imparts important fundamental knowledge and application-related special knowledge. The congress addresses the myriad of topics and challenges faced when using connectors in industrial electronics, automation technology, automotive, telecoms and data technology, as well as medical technology.

Submit your presentation proposals on the following topics, among others:

- 3D printing as a manufacturing method for connectors
- Field bus systems, new Ethernet standards in automated manufacturing processes, and facility management
- Connectors for the IIoT
- Connection systems for sensors in industrial electronics and automotive applications
- Connector systems for aluminium wiring (cables and busbars)
- High-voltage DC connectors (e.g. power supplies, electric drives, agricultural machinery)
- Presentation of user cases
- New connector technologies
- Approaches to combine various connectors with different specifications in PCB thickness, application instructions and soldering profiles

Call for Paper

The basic seminars

- Connectors – Key Characteristics and terminology
- Fundamentals of contact physics
- The Connectarium – Tips for practical use
- Plating surface for contact materials
- Basic Materials – Fundamentals and selection

Densely packed expertise and a „must“ for connector users!

Alexander Dederichs; Schaltbau AG

Premium sponsorship on request

We would like to participate

We would like to present our company at Anwenderkongress Steckverbinder in Würzburg from 02-03 July 2019 and herewith book the following package:

- ☐ *Exhibition Package (Price: 2,500.– €)*
- ☐ *Business Sponsor (Price: 4,900.– €)*

All prices are net plus VAT.
