

CERTIFICATE of CONFORMITY

ASTM-Standard D1160

We do herewith certify that the design of the fully automated

i-Fischer[®] Dist D-1160 CC

is in detailed conformance to the standard requirements ASTM D1160 and will be shipped well calibrated as a turn key unit, thus follows the general technical specifications in full:

- 1) The volume follower will be duly and carefully calibrated.
- 2) Beyond the ASTM requirements the complete apparatus is additionally equipped with a sophisticated refinery inspired safety concept.

The system ***i-Fischer[®] Dist D-1160 CC*** will always pass the comprehensive ***i-Fischer[®]*** quality control procedures prior to shipment.
