| Change category:                          | Material change   |                  |
| Change description:                       | GaAlAs chip changed to AlGaInP chip   |                  |
| Reason for change:                        | Chip supplier will no longer supply the chip contained in above PNs. Suggest to change to alternative AlGaInP (SR-J4) chip as replacement.  |                  |
| Anticipated impact of change:             | The physical properties are identical and the electrical properties are considered compatible. Customer can check the specs and request samples for approval.   |                  |
| Disposition of old product:               | Remaining inventory stock from warehouse Germany may be ordered until depleted.   |                  |
| Partnumbers to substitute affected parts: | L-934SRD-J4 & L-7104SRD-J4 (3mm LEDs)<br>L-934SRC-J4 & L-7104SRC-J4 (3mm LEDs)<br>L-53SRD-J4 & L-7113SRD-J4 (5mm LEDs)<br>L-53SRC-J4 & L-7113SRC-J4 (5mm LEDs)<br>L-2523SRC-J4 (5mm LEDs)<br>L-793SRD-J4 (8mm LED)<br>L-793SRC-J4 (8mm LED)<br>L-813SRD-J4 (10mm LED)<br>L-813SRC-J4 (10mm LED)   |                  |
| Proposed first ship date:                 | SR-J4 samples are immediately available upon customer request.  |                  |
