

TRANSFORM OUR BUSINESS

We are looking for
**Freelancer
 Engineer Market Insights
 (m/f/d)**
 as an expert representative for a
 plant engineering project database

Vogel Communications Group is one of the leading corporate groups for modern and personalized B2B communication solutions. We have grown our company by creating outstanding specialist media for dynamic industries. We use our extensive content and media creation know-how to make people more successful in the markets and in their everyday professional lives as independent distributors of knowledge and communication partners. No matter at which of our ten locations including Berlin, Munich, Würzburg or Beijing: we are looking for individuals whose actions set new standards and enrich our company with their ideas.

As an external industry expert, these challenges await you:

- Delivering market insights and market intelligence solutions for the relevant process industries, especially in large-scale plant construction and engineering
- Reviewing and updating of existing large-scale plant construction projects
- Aggregation of market information into target group-specific market reports
- Supplying process or market information
- Advising on market-specific questions

Your profile:

- Expert knowledge in the relevant process industries (Oil & Gas, Petrochemical, Chemical, Power, Water/Waste water, Pharmaceuticals, Mining, Food & Beverage)
- Knowledge of market mechanisms and the project phases in large-scale plant construction
- Access to sector-relevant and cross-industry information
- A large, cross-industry network is an advantage

Are you looking for an exciting job in retirement and would like to share your knowledge and experience?

Then contact Sharon Martini, Product Manager Markets & Insights directly.

We look forward to getting to know you!
